

# ON-THE-JOB SAFETY BEGINS HERE

Eliminate wrench slippage during tool changes with intRlox® Mini Nuts from REGO-FIX. Used in Swiss automatic machine applications, the anti-slip locking design helps keep hands safe and reduce workers' comp claims.

Watch the intRlox video at [us.rego-fix.com/intRlox](http://us.rego-fix.com/intRlox).

Call 1-800-999-7346 to learn more.
